Features of the Le Maitre Stage Fogger DMX:

- An extremely effective fog machine incorporating a large heating block, a strong whisper quiet pump and our cutting edge Rapid Change Technology (RCT) capillary tube replacement system.
- A large 1.72 gallon integrated fluid tank prevents leaks and drips, a hammer-tone finish resists scratches and wear and a built in handle balances off the sleek rugged chassis
- Huge, continuous fog output
- Comes standard with a 25ft deluxe remote, illuminated Fog Ready Switch, an onboard microprocessor, a built in hose adaptor and a replacement RCT capillary tube kit
- One-year warranty on all parts and service.
- Lifetime warranty on the heat exchange
- Accessories include Road Case, Remote Extension Cable and Truss Hanging Bracket

Features of the ROSCO Professional Fog Machine:

- Volume control on remote...standard equipment
- On/Off timers for automatic initiation and cessation.
- Electronic thermostat, cast aluminum heat exchanger and a piston pump.
- 2.5 or 4 liter capacity
- Available Accessories Include 50Ft, 100FT Remote Extension, Carrying Case, Hose Adaptor and Ducting Hose.
